20 MILLIONS PROFIT FROM BANK WRECKS

Gang of Swindlers Headed By Chas. W. French Leave Ruin in Their Wake As They Promote Schemes

Seventeen Companies Involved in Ingenious Organization Effected To Fleece Unwary; Securities Seized

BY UNITED PRESS
LEASED WIRE TO TRIBUNE.
CLEVELAND, O., Aug. 24.—Federal officials here today seized \$16,000,000 in securities belonging to Charles W. French. They had been deposited in safety boxes of a local bank. The authorities were led to the hiding place by one of the men connected with the band of swindlers.

CHICAGO, Aug. 24.—Spurious stock transactions and business promotion schemes totaling close to \$20,000,000 were traced today to the gang alleged to have been headed by Charles W. French.

Federal investigators made this announcement after spending the night poring over records seized in confessions made by three of those arrested in connection with the gang's work.

Investigators traced operations of the gang through frenzied schemes of banking, check kiting, broken fortunes and bankruptcies.

New evidence showed at least seventeen companies involved in the swindle.

GANG SPECIALIZES IN BANK WRECKING.

The gang specialized in bank wrecking, it was disclosed by federal agents said they had uncovered. At the time the gang's operations were exposed they were on the verge of completing a deal to buy a bank in Milwaukee for \$300,000.

According to the plan of operation, certified checks on a Washington, D. C., bank for \$500,000 would be drawn on the bank account for the Milwaukee institution. As soon as the bank obtained control of the bank, they would issue \$1,000,000 certificates of deposit on which money would be borrowed in Chicago and rushed to Washington to cover the checks. With the bank in their hands, the dummy officials and directors, they could proceed as they pleased.

Evidence that four other banks were wrecked in this manner by the gang was obtained by the investigators and negotiations to obtain control of additional financial institutions were expected.

OPERATIONS IN SOUTHEAST BARED.

Operations of the gang in the southwest through the Pacific Trust Company of Independence, Mo., and the Guarantee Securities Company of Kansas City, were uncovered.

In addition to working with banks, a string of fake manufacturing concerns, organized out of thin air or from some real concern, was used by the "swindle trust." Fraudulent securities would be issued on these companies and sold wherever there was a market.

The confession of Alva Harshman, who was secretary to French, was obtained by District Attorney Clinton, but it was quiet news. When finally Harshman started to squeal, he told the whole story, mixed with a bitter tirade against French.

"I've been the goat for French long enough," he said. "Everything went one way, into French's pockets. They had no outlet."

10,000 Chinese Die In Typhoon, Report

BY UNITED PRESS
LEASED WIRE TO TRIBUNE.

SHANGHAI, China, Aug. 23.—Fears that a death list running as high as 10,000 has resulted from typhoons around Ningpo, on the coast, and the Yangtze river, were expressed by relief workers today.

All communications with the district, when levied, to the East, had been reported driven around the Shanghai bar and several hundred junks were swamped. A tidal wave was reported to have followed the typhoon at Ningpo.

Father-in-Law Was 'Too Much,' Says Son's Wife

Standard Oil Man and Two Society Women Involved in Divorce Suit.

CHICAGO, Aug. 24.—Colonel R. W. Stewart, chairman of the board of directors of the Standard Oil Company of Indiana, steps into the limelight in the role of plaintiff-in-law, of which his son's wife, Mrs. Robert Griffin Stewart, says there was "quite too much." Mrs. Stewart has filed a suit for separate maintenance against her husband, assistant manager of the company of which his father is chairman of the board, a divorce suit being fought out the oil magnate for particular concern along with Miss Phyllis Shaw, a young Chicago society girl.

Colonel Stewart asserted that his son's wife was a social inferior, according to the complaint which Mrs. Stewart has filed, alleging that the father and son conspired together to force her into the divorced courts.

Miss Shaw's name has been introduced by Mrs. Stewart, who makes definite allegations against the young girl. The hearing of the suit is expected to develop sensational features. The complaint has attracted wide interest due to the prominence of those involved.

WOMAN TELLS POLICE STORY OF HORROR.

When she was revived she told a story of atrocities, said to be unparalleled in police records.

She entered a "caf" at Twenty-sixth street and Santa Fe avenue, seeking work as a waitress, she said, at about 5 p. m. yesterday.

There, according to her story, she was immediately seized by several negroes and dragged into a darkened back room.

Despite their pleas and prayers, she was held prisoner throughout the night.

ROBBER AFTERWARDS.

Led out blindfolded, she was started for a street car in company with one of the negroes, who had held her prisoner. When she screamed for help, he struck her and she fainted, her purse, which contained her savings, falling out of her pocket.

The man, whose pockets and suit-case had been rifled, had evidently been beaten to death with a club or other instrument short time before the body was found.

PEACE PACT WITH AUSTRIA DULY SIGNED

President Harding Announces Treaty Between U. S. and Germany Will Be Given Official Signature Soon

Senate Foreign Relations Committee Consulted and Approves Terms; Commercial Arrangements Later

VIENNA, Aug. 24.—(By the Associated Press)—The treaty of peace with the United States was signed at 1 o'clock this afternoon.

WASHINGTON, Aug. 24.—A treaty of peace with Germany will be signed very soon, President Harding announced at the White House today. The treaty has been drafted completely and was submitted to a conference of the Republican members of the Senate foreign relations committee at the White House this morning.

It was learned at the White House that the treaty will be a formal peace between the United States and Germany. It provides for a definite resumption of peace-time relations between the two countries and it was indicated that at present, with the exception of some commercial understandings, no other treaty is contemplated.

Terms of the treaty were said to have no opposition by any of the major members of the foreign relations committee, and it was declared that all gave to it their cordial approval.

Senators Johnson of California and Senator Bond, who were irreconcilable in the fight over the treaty of Versailles, were absent from the conference.

RATIFICATION AT EARLY DATE IS HOPE.

The President, it was stated, hopes for ratification of the pact at an early date. It was explained, however, that he would not ask the Senate to forego its thirty day recess, set to begin tonight, inasmuch as it was desired that the German Reichstag, the Senate consider the treaty at the same time, and the German executive body does not convene until September 20.

REPUBLICAN MEMBERS OF THE SENATE COMMITTEE ATTENDING THE CONFERENCE REFUSED TO DISCUSS THE TERMS OF THE TREATY, BUT IT WAS LEARNED THAT IT IS A COMPARATIVELY SHORT DOCUMENT.

INDICATIONS THAT THE PEACE TREATY WITH GERMANY WILL NOT MEET WITH APPROVAL OF DEMOCRATIC MEMBERS OF THE SENATE DEVELOPED TODAY AFTER SECRETARY HUGHES HAD CONFERRED WITH THE FULL MEMBERSHIP OF THE FOREIGN RELATIONS COMMITTEE.

SENATOR HITCHCOCK, NEBRASKA, THE RANKING DEMOCRATIC MEMBER OF THE COMMITTEE, SAID AFTER THE CONFERENCE THAT ALTHOUGH HE WOULD NOT OBJECT TO MAKE A DEFINITE DECLARATION, HE THOUGHT "VERY FAVORABLY" OF THE TREATY SO FAR AS HE HAD BEEN GIVEN AN OPPORTUNITY TO STUDY IT.

and the rumble of the distant explosion. Then the great steel framework doubled and the back of the ship broke.

Finally at first, and then with ever-increasing violence, she plunged down into the Humber river. There were twenty-one Americans on board. The ZR-2 had begun her final trial flight on Tuesday morning, and was believed prepared to land when disaster struck.

The ZR-2 was wrecked with heavy loss this afternoon over the Yorkshire coast. Following two hours of trials, the dirigible buckled and fell in flames into the Humber river. There were twenty-one Americans on board. The ZR-2 had begun her final trial flight on Tuesday morning, and was believed prepared to land when disaster struck.

Immediately, dozens of small boats came out from the wharves and from oars moored nearby, the seamen with all their strength to the rescue. The ZR-2 had been seen and each boat had survivors.

It was feared that not one had escaped. It was believed that all had perished, either by the water or during the long fall, or by drowning after the ship hurried into Humber.

At 6:20 p.m. two bodies had been recovered. The water at the scene dotted with small boats searching for bodies.

Thousands of spectators, stupefied by horror, watched the dirigible he wreckage fell over the Victoria pier, burning fragments dropping from it.

Massive volumes of blue smoke and flames streamed hundreds of feet into the surface of the river.

Our men were seen descending parachutes.

They were clinging to one of the machines as it swooped toward the earth.

The explosion was terrific.

PANAMA TROOPS DISARM; DANGER OF WAR AVERTED

Submits To Demands of U. S.
In Dispute With
Costa Rica.

BY INTERNATIONAL NEWS SERVICE.

PANAMA, Aug. 24.—The threatened war between Panama and Costa Rica over disputed territory has been averted. The Panamanian government has given in to the United States and was declared today that there was little likelihood of an armed clash.

Following the receipt of a message from the American state department, that the United States will not allow hostilities to take place between Panama and Costa Rica, President Porras ordered the armed police force to retreat from the border and to make no resistance against occupation by Costa Rican troops. The civilian population had previously been ordered to retire along with all local Panamanian officials.

No attempt will be made to defend the disputed territory against entry by the Costa Ricans, it was announced.

The attitude of the United States, according to officials of the Panamanian government, makes it possible for this republic to place all the blame upon Washington for its setback. It was said "that this would clear the political atmosphere in this country to a large extent."

The popular at a large has remained calm and there was no evidence today that anti-American feeling was increasing. A note has been drawn up in answer to the latest communication of Secretary of State Hughes forbidding hostilities and it was expected it would be on the way to Washington before night.

Senior Garay, the Panamanian foreign minister, who has been in Washington, sent word that he is coming home and it is believed that he will have departed before the Panamanian communication is received there.

British Troops Battle Fanatic Indian Rioters

Mobs Going Over Country
Destroying White
Men's Homes.

LONDON, Aug. 24.—A battle between Indian rioters and British troops in the Malabar district was reported in an Allahabad despatch to the Evening News this afternoon.

The despatch said there were some casualties, but the exact number was not known. This was the first engagement between the Indian rioters and the British troops that were rushed from Bengaluru to restore order.

BOMBAY, Aug. 24.—Stirred by religious fanatics, armed mobs of thousands of natives are spreading fire and terror in the Malabar district. Desperate appeals for help have been sent out by white inhabitants. Military reinforcements were today reported arriving.

Hon. Wm. D. Stephens—My dear Governor: On the 10th inst., you were the principal speaker at a Chinese meeting in San Francisco. On that occasion you told the Chinese that they "are highly esteemed by the whites," and you praised the loyalty of the Chinese to their adopted country during the world war. In your audience were a large number of Chinese, born here and therefore American citizens. Now, my dear Governor, what does this mean? Don't you know the Chinese are Asiatics, and that to esteem them is betrayal of the white race?

Don't you know that it was long ago established officially that "in normal qualities they are below the negro and the digger Indian," according to the official report of an attorney general of California?

Don't you know that our state Senate memorialized Congress, declaring that, "Impregnated to all influence of Anglo-Saxon life, the Chinese remain the same stolid Asiatics that have floated on the rivers and slaved in the fields of China for thirty centuries of time?"

That they have never adapted themselves to our dress or habits, never known the difference between right and wrong, and never ceased worship of their idol gods."

Don't you know that the mayor and supervisors of San Francisco officially informed Congress in these terms: "The Chinese are inferior to any race God ever made. There are no others so low. They have the perfection of the crimes of 4000 years. We believe the Chinese have no souls to save, and if they have, they are not worth saving. To an American death is preferable to life on a par with the Chinese?"

Don't you know that Mr. Johnson, member of Congress, told that body that "the army and navy are too small to protect Chinese voters in California?"

Don't you know that one of our senators told the Senate that "all the Chinese here are coolies and prostitutes, vassals, criminals, lepers and debased?" That another senator said that "the teeming, seething slave pens of China have been emptied upon the soil of California?"

Don't you know that a joint committee of our state legislature reported to Congress that: "For 20 years China has dumped upon our shores all its refuse, the incapable, the idiotic, the unfortunate, the criminal, diseased, the vicious and outcast. All the men the most degraded slaves on earth, the women slave prostitutes, the children the diseased product of the most promiscuous miscegenation on earth?"

Now, my dear Governor, all of the foregoing descriptions and characterizations of the Chinese were officially endorsed by successive governors of California, who sat in the high chair of which at present you are the gaudy ornament. They were reports of official bodies, like that of the board of control on the Japanese, which you paid Benedict for writing by giving him an office at \$8000 a year, paid by the taxpayers, of course.

There are 15,000 Chinese voters in the state, officially declared to be "the diseased product of the most promiscuous miscegenation on earth," but you hold them as your most esteemed fellow citizens, and hope to get their votes!

Your speech gives the lie direct to the anti-Chinese agitators, but you conspire to use their material against the Japanese, who have no votes.

Let me suggest that you use your famous oratorical ability in telling the people why you signed the bill to send them to fall for robbing their houses with shingles, and keep out of these ethnological discussions, lest you come to be called "Ah Sing Song Stephens."

CHINESE THEME OF J. P. IRISH

SACRAMENTO, Aug. 24.—An open letter to Governor Stephens from John P. Irish of Oakland dealing with a speech made by the governor at a gathering of Chinese in San Francisco, was made public here today. Col. Irish, in commenting on his communication, stated that it was in no way intended as a reflection on the state's executive or the Chinese.

"The quotations in my letter are not presented as a reflection upon the Chinese," Irish stated, "but to recall the injustice that was done them during the anti-Chinese agitation here, which caused outrages and cruelties which are not remembered as creditable to the state. The governor's present attitude illustrates the change in public sentiment toward a much abused people."

The letter follows:

Hon. Wm. D. Stephens—My dear Governor: On the 10th inst., you were the principal speaker at a Chinese meeting in San Francisco. WOMAN SPEAKING ON DEBS YANKED FROM PLATFORM

MASON CITY, Ia., Aug. 24.—Speaking before 2000 people at a park here last night, Mrs. Edna Crouch Haskell, New York Socialist campaigner, was yanked from her speaking platform in the middle of a speech on Eugene Debs, taken ten miles into the country in an automobile, and unceremoniously "dumped out" in the rear.

A car brought Mrs. Haskell back to Mason City late last night. "Mayor Beecher of Mason City, a Socialist, was reading Victor Berger's Milwaukee Leader when I went to see him yesterday," Mrs. Haskell said, "but he refused me police protection."

Mrs. Haskell was asked to leave her hotel as an "undesirable." Other reports declare that the crowd pelted her with eggs and that two unidentified men who attempted to aid her were injured in the melee.

Carnation Home Cooking Conducted by Mrs. Mary Blake

These lessons on milk cooking will appear weekly. Mrs. Blake's counsel will be helpful and stimulating, because of her practical experience in home cooking. She will answer any question on cooking asked by her readers. Address Mrs. Mary Blake, care Carnation Milk Products Co., of California, 49 Main Street, San Francisco.

LESSON ELEVEN

Cakes, Icings and Fillings

Coconut Cake

Another favorite that I think is improved with Carnation Milk: $\frac{1}{2}$ cup butter, $\frac{3}{4}$ cup sugar, $\frac{1}{2}$ cups flour, 1 heaping teaspoonful baking powder, 2 tablespoons Carnation Milk, 6 tablespoons water, $\frac{1}{4}$ teaspoonful vanilla, whites of two eggs. Cream butter and sugar. Sift flour and baking powder three times. Add alternately with the Carnation Milk which has been thoroughly mixed with the water. Add vanilla and the whites of eggs beaten stiff. Make in two layers, and use this filling between the layers and the icing given here for the top.

Coconut Frosting

Soak a cup of shredded coconut in 4 tablespoons Carnation Milk diluted with 4 tablespoons of water for $\frac{1}{2}$ hour. Put in sieve and drain off superfluous flour moisture and squeeze until quite dry. Boil 2 cups of granulated sugar and $\frac{1}{4}$ cup of water together until it threads. Then pour slowly, beating constantly. Spread on top and sides of cake, and sprinkle the coconut over it before frosting has hardened.

Frostings and icings made with Carnation Milk have a creamy smoothness impossible to obtain with the use of ordinary milk.

Try using Carnation Milk in your favorite cake recipe, following the $\frac{1}{2}$ Carnation and $\frac{1}{2}$ water rule—and notice the improvement.

Questions and Answers

A reader contributes this suggestion for those who do not like coffee or desire only a slight coffee flavor: Dilute $\frac{1}{2}$ cup Carnation Milk with $\frac{1}{2}$ cup weak coffee, very hot.

Q. Have you some recipes for milk breads?—Mrs. D. R. G.

A. I have not taken up the question of Carnation Milk for use in bread making recently, for the reason that such cooking is rather hot for summer efforts, but Carnation in breads, rolls, and biscuits lends wholesomeness and adds richness and flavor. You will find many fine recipes for milk breads in the Carnation Cook Book.

Gingerbread

This long-standing favorite is especially good made with Carnation after this recipe:

2 cups flour, $\frac{1}{2}$ teaspoonful cinnamon, pinch of salt, 1 tablespoonful lard, $\frac{1}{2}$ cup sugar, 1 egg, 1 tablespoonful Carnation Milk, 6 tablespoonsful water, $\frac{1}{2}$ cup molasses. First sift flour, and measure two cups. Add soda, ginger, cinnamon, and salt to flour, and sift twice. Cream the lard and sugar, and add the well beaten egg. Beat this mixture thoroughly. Mix the molasses with the diluted Carnation Milk and add alternately with the flour, a little at a time. Bake in one layer.

Plain Filling

Boil the yolks of 2 eggs, add 2 tablespoonsful sugar and a teaspoonful of Carnation Milk with an equal amount of water. Put in double boiler. When warm add eggs and sugar and cook until thick enough to use as a filling.

News of the Churches

Tells What Church Stands For

That the Eastbay ministers, for the most part, do not agree with Rev. Frank Crane, former minister of the Methodist-Episcopal church, when he declares that the church of today is faced with four "immoralities," was made evident last week when various Oakland pastors were interviewed.

In a current issue of an American magazine Crane published an article in which he declared the four immoralities of the church at the present time are its exclusiveness, its respectability, its militancy and the fact that it is free.

Last Saturday Rev. Father Thomas

E. Cullen of St. Mary's Catholic church prepared an article for the church page of The TRIBUNE in which he sought to answer the first charge against the church—that it is exclusive. Rev. Frank L. Smith, pastor of the First Presbyterian church, will have an article in next Saturday's edition, in which he will treat upon the so-called "respectability" of the church. Rabbi Rudolph I. Coffee of Temple Sinai will discuss the militancy of the church in an article appearing within a short time. Other ministers will write for the church page from time to time during the winter, giving their ideas on the church and what it should and does stand for in the community.

Churchmen, Tribune's Guests

Pastors of the Eastbay churches, church secretaries and writers of church publicity, will be guests of The OAKLAND TRIBUNE next Saturday evening, on a tour of inspection of the plant, and a lecture on the principles of publicity and advertising given by members of The TRIBUNE'S editorial and advertising departments.

The guests will be asked to assemble on the first floor of The TRIBUNE building at Thirteenth and Franklin streets, promptly at 7:30 o'clock. From there they will

be taken to the roof of the building, where a short conference will be held, relative to the preparation of church news and advertising. Those who handle the publicity of each of the churches in the Eastbay have been requested to come prepared to ask questions about any phase of publicity they do not understand.

Following the conference the guests will be taken on a tour of inspection through the newspaper plant, on which they will see all of the machinery of a modern newspaper in full operation.

League to Hear Policeman

Mary H. Caldwell, a member of the Bureau of Identification of the Oakland Police department, will give an illustrated lecture on "Criminalism" on the Twenty-fourth avenue Methodist church Friday evening at 8 o'clock. The lecture, which Caldwell has given before to various civic and social organizations, has been arranged under the aus-

pices of the Epworth League society of the church.

A musical and literary program will be given in connection with the lecture, but no refreshments will be taken.

The society hopes to realize funds sufficient to pay its share toward the redecorating and refurnishing of the church, which was recently completed.

Bible Urged as Nation Teacher

"If the American people would only abide by the principles as taught by Jesus Christ in the New Testament, the nation would prosper greatly, and in the neglect of those divine principles, no man can tell how suddenly a catastrophe may overtake our country and bring our glory in a grave of profound obscurity." This statement was expressed in a sermon last night in St. John's Baptist church (colored) by the "Black Billy Sun-

day" who is conducting revival and healing services there.

"In this hour of national unrest, he counseled his hearers to turn unto God, and with one hour of meditation and study of the word of God the cloud will pass."

"The movement of the American Life will be the subject of an address this evening. By special request he will repeat his sermon on the subject, 'Thou Damn Tongue of Yours' tomorrow night."

CHARACTERISTICS OF INHABITANTS OF SIBERIA TOLD

Article in Sunday Tribune
Will Describe Cities and
Habits of Country.

"Familiar Siberia," by Frederick McCormick, who has recently returned after spending two years in Russia, during which he became familiar with all parts, from the populated cities to the sparsely settled steppes, an article which will appeal to every reader, will be published in Sunday TRIBUNE.

The article which is illustrated by photographs taken by the writer during the time he spent in Siberia surveying conditions, describes graphically and accurately the people and conditions. For the entire two years, he was in the country McCormick's principal diet consisted of black bread. This bread, he declares, is made in east Siberia from a product of dried fish and flour.

He tells the habits and customs of the Russian people, both that of the more educated, and the near savages who live in the northern portions of Siberia. He also gives a comparison of some of the Russian cities to cities of this country, including San Francisco, Los Angeles and others.

According to McCormick's article,

native hospitality in East Siberia calls for offerings of blubber and tongues of unborn deer. There is fresh bread, but no butter, also cheese, preserved rose leaves, he declares.

When the East Siberian looks for the unusual the search generally ends in a Chinese restaurant across the border, as in New York where the American invites his appetite for the exotic, he says. "If the East Siberian comes to America he expects to find a butler who cleaned over the hills and plains, and anticipates an encounter with a roving band of Indians. The curiosity of the Russian is easily satisfied with what the Russian from across the Pacific leaves behind. There are neither roving bands nor herds of reindeer, but the natives are all men who wear feathered helmets and live in teepees and the visitor can chase the wild reindeer, drive a dog team, ride a camel, hunt a domesticated reindeer, hunt the Bengal tiger or the tropical leopard."

FORMER SENATOR PERKINS GREETED ON HIS BIRTHDAY

Four Generations Gather At Dinner; Congratulations Received.

George C. Perkins, former senator from California, entered upon his eighty-fourth year today. His passing of the eighty-third milestone of his life's journey was observed by a quiet birthday celebration at his home, Perkins and Vernon streets, which was also in the nature of a family reunion.

Four generations of the Perkins family were represented in the family reunion dinner, which was held last night in conjunction with the birthday celebration. These included five children, six grandchildren and four great grandchildren, as well as several nieces and nephews.

Telegrams and letters of felicitation were received from friends all over the country. Included among these was the following telegram from the California Congressional delegation at Washington:

GREETINGS FROM CAPITAL.

The members of the California delegation extend to you hearty congratulations and greetings on this your eighty-third birthday anniversary. We appreciate the services you rendered the state while occupying various public positions. We hope you will be spared to us for many years."

A congratulatory letter was received from D. N. Knowles, 1502 Webster street, a friend of long standing, which read, in part, as follows:

"Do you remember your speech that last day of your term as state senator? I am now about to return to that obscurity from which I sprang." The next year you became governor, and ever since you have given your efforts to the betterment of the condition of the common people. No one can measure the good you have done. State senator, governor and United States senator for nearly twenty years is surely a record that will stand for a long time to come. Well done thou good and faithful servant can apply to you."

CHILDREN PRESIDENT.

"May this, the eighty-third anniversary of your birth, bring you many fond and pleasant memories of the good you have accomplished."

The following children of Senator Perkins were present yesterday: George E. Perkins, Commander Frank K. Perkins, V. S. N., Mrs. J. E. Adams, Mrs. George McKenna and Mrs. Cleveland Baker.

The following grandchildren: George Perkins III, Ethel Perkins, Ruth Perkins, Mrs. Donald Kessler, Mrs. Scott Martin, Mrs. Leo Belden, Miss Peggy Baker. The great-grandchildren present were: Milton Belden, Richard Belden, Miss Barbara Kessler and Miss Eleanor Kessler. A niece of Senator Perkins, Miss Alma Perkins, was also present.

Buildings To Be Erected in Japan

SAN FRANCISCO, Aug. 24.—Japan believes that the construction work in progress in the Orient is bringing results and as a result is already planning to devote a tremendous amount of energy and capital to the construction of better homes, hotels, office buildings and schools, it was announced by D. Neens, director for Mitsubishi & Co., prior to his departure for the Orient on the strength of his arrival.

Accompanied by M. Higuchi, legal advisor for the company, and several expert engineers, Neens is returning to Japan with complete plans providing for the construction of the largest and most palatial office building in the Orient. The structure will be erected near the Central Railway station in Tokio and will cost \$1,000,000.

PIONEER OF 1850 DIES IN OAKLAND

MISS WILLIAMS TO DEBUTANTE.

Mr. and Mrs. Harry Alston Williams have leased their home in Piedmont avenue and with their daughter, Miss Audry Williams, will spend the coming winter in San Francisco at the home Mrs. Henry Williams. Miss Audry Williams will be one of the debutantes of this fall.

Leroy Cagwin Bush and his bride, who was Miss Octavia Johnson, daughter of Captain and Mrs. Peter Johnson, called today. Their marriage in St. Mark's Episcopal church Monday evening was a notable event. Rev. W. R. Hodgkins officiated before a company of 400 guests. The altar was banked in hydrangeas, roses, ferns and garlands of greenery used elsewhere in the church.

The bride, one of the charming young women of the season, was dressed in ivory satin and Chantilly lace. The veil was arranged with a lace ruching at the back of the cofife, a narrow band of orange blossoms holding it in place. Cyclamen orchids and lilies of the valley were used in the shower bouquet. Mrs. Gifted Jones was maid of honor. Misses McCreary, Miss Norma Kiltgard and Miss Helen McCreary were bridesmaids and wore taffeta frocks in the rainbow shades and carried ostrich fans in orchid shade. Little Dale Fairchild was flower girl and Frederick Bush, Jr., best man for the brother.

The bridal couple are graduates of the University of California. Bush is a son of Mrs. Frederick Bush of Honolulu.

Arrangements for the funeral are being completed today.

W.C.T.U. ENDS ITS CONVENTION WITH SINGING

Atlantic City Selected For Next Annual Gathering; Visitors Leaving.

SAN FRANCISCO, Aug. 24.—Atlantic City was named the meeting place for the 1922 annual convention of the National Woman's Christian Temperance Union before adjournment in the Civic Auditorium last night. The national executive board had a post-convention session today confirming the adoption of the forty-eighth program of work presented to the organization by its president yesterday, the election of 300 delegates to the world's convention in Philadelphia in November. The delegates began to scatter to their homes in various parts of the country entirely satisfied with the outcome of the week's deliberations on the Pacific coast. Severe score left for Los Angeles.

Efforts toward a nation-wide enforcement of the eighteenth amendment, nation-wide sentiment for disarmament, nation-wide campaign against tobacco, are features of the program for the coming year. Special attention will be given to Americanization work for immigrants and children of foreign-born parents, and other normal activities.

CLOSING SESSION.

Waiting for the closing of songs marked the closing session last night, which was given over to the world prohibition movement. Miss Anna A. Gordon, acting president of the World W. C. T. U. as well as the national president, presided.

For the first time in convention history about the bay, attaches of the Civic Auditorium, including the steep roof, the famous special police, carpenters, pages, etc., were formally thanked and heard their names read among the lists of those who had contributed to the success of the gathering.

A policy of treating the man who has paid his debt to the public by serving a prison term as well as who has discharged his family and giving him a chance was advocated by Chaplain Oliver C. Lazure of San Quentin. The majority of men in the state prison were there because their parents had neglected their training, according to the speaker.

WOMEN IN POLITICS.

World politics of the future will be controlled by women, Mrs. Deborah Knox Livingston, director of citizenship, told the convention. The speaker declared that mothers and housewives need the ballot to help them obtain a share of women and urged them to go to the polls and vote for the laws that meant the betterment of the nation and the welfare of their offspring.

"San Francisco will be declared out of bounds for sailors on shore leave if the city cannot protect the men morally," Dr. Alexander Parker, general secretary of the United States Interdepartmental Bureau of Social Hygiene, declared.

Policy of physicians in prescribing liquor for medicinal purposes was attacked. Abolition of all patent medicines was urged.

Mrs. Sara Dorn, president of the California W. C. T. U., was made a life member of the World W. C. T. U. in recognition of her temperance activities on the coast.

Michener Funeral Services Are Held.

Funeral services were held today for Mrs. Anna Dutton Michener from her home at 3006 Richmond boulevard. Mrs. Michener died on Monday. She is survived by her husband, Charles A. Michener, two sons, James C. and David A. Michener, and a daughter, Margaret. Mrs. Michener, who was 83 years old, was born in Waterford, Va.

Interment was in Mountain View cemetery.

Tired and Nervous—from the Lack of Sleep? Do You Know the Reason Why?

Sleep time is the time when the reconstructive processes in your body are busiest—turning food into blood, and nerve tissue, and living cells.

That's the reason why lack of sleep makes you irritable, irascible and nervous; and why you lack "punch" when you don't get a proper amount of the right kind of sleep.

It has been the experience of many that the cup of tea or coffee, taken at meal-time, relieves them of sleep.

In Gould and Pyle's Cyclopedias of Medicine and Surgery you'll find that "coffee is a rapidly acting stimulant to the brain and spinal cord, quickens the action of the heart, and raises blood pressure."

This makes it a very good medicine prescribed by a doctor for cases of collapse, when a patient needs to have his system abnormally forced into activity. But coffee is not good for

Blue Bird/Bird

The Blue Bird has never asked in vain. There's always a good fellow just around the corner waiting to do his bit, if only he knows where and how—and that's the business of the Blue Bird.

Here is a position for a widow, middle-aged, an elderly lady, who would like to come this winter and \$5 a week to help with light housework and the care of a four-months-old baby."

The woman who makes the request has just returned from a hospital and is unable to lift it and offers

her home and fireside to someone who will help her—that someone having to love babies, though. The family is American.

If you know of someone who needs this home, who would love the baby and be one of the family, phone the Blue Bird for the name and address of the woman who makes the offer.

A disabled soldier boy's mother needs some warm underclothes, a wash dress and smock. She is furnished with a room, board and a nurse's care by a fraternal organization, but has no funds with which to buy herself the necessary clothes. The woman who makes the offer makes the additional request for a clock.

"She is very grateful for everything that is done for her. She does not sleep very much nights and I have heard her say many times that she would like so much to have one of those kind of clocks that show the hour in the dark, but even a clock ticking would break the silence and make the long hours seem shorter. Please someone will happen to have such a clock which they can spare for her."

Every sort of a request comes to the Blue Bird, and this bureau passes them on to the good fellows.

Out at the City Millinery is a man, old, but well along and capable, and his spirit rebels at having to be placed on the "shelf." He

says he can earn his own way if given a chance. Gardening, farm work, any sort of odd job about a place is his line and he will work for his keep and room and small amount of spending money. Some man running a small farm would find him a valuable asset.

To the good fellows who have helped and who watch the Blue Bird this report is made.

The "good," "plump" woman who needed a large cap or coat was supplied and the invalid who wanted some phonograph records to help while away the tedious hours was made happy. They both sent their thanks to the generous givers.

Police Veteran To Be Buried Tomorrow

Funeral services for Robert Collett, veteran of the Oakland police department, will be held tomorrow at 2 o'clock from an undertaking parlor in East Fourteenth street. Collett died in Merritt Hospital following illness. He survived by a widow, Mrs. Mary C. Collett, and two daughters, Mrs. Henry Roeder and Martha Collett. Collett was a member of the Woodmen of the World and Evening Star Lodge, I. O. O. F. Collett retired from police duty last May. He weighed 400 lbs. and forced him to enter the hospital. He was appointed to the police department in 1898, becoming one of the 65 men on the force. He has been connected with the Melrose station for the past ten years. Collett was 53 years old. The family home is at 825 East Eighteenth street.

Holding Husband

(Continued from yesterday)

What Major Grantland Argued
And Then Offered.

I was afraid the man would ask me where I wished to go, but he was evidently too busy for either speculation or inquiry.

"There's one just driving up," he said briefly, returning to his work.

I engaged the man he indicated drove to Aberdeen repeated the little play I had before staged and finally landed at the destination Mrs. Lukens and I had planned for my departure.

The ticket office more pretentious than the others, was crowded when I entered it, and I had to wait my turn in the line formed by the window.

As I stood waiting in the line, wondering what would be the finale of my rash venture into the unknown perils of the trip which Dicky had forbidden, I suddenly saw that some one was looking steadily at me.

I glanced up quickly to meet the intent, questioning eyes of Hugh Grantland.

I bowed to Major Grantland in a rather perfunctory manner. I am afraid, for he was about the last person I desired to see.

My trip North was intended to have enough complications, owing to Dicky's disapproval, without adding anything else.

Could his presence at the railroad station mean that he was also going North on the night train?

I sincerely trusted not.

I did not mind facing whatever discomforts or dangers might come to me on my own, but it would be intolerable to feel that I had burdened and a responsibility to some one else.

And that is why I both to Hugh Grantland when he learned that I was traveling alone through the railroad strike zone. I was certain I knew his chivalry, his Puritan conscience and his more or less concealed opinion that women were the weaker sex, certain to come to grief unless protected by strong masculine arms.

He lifted his hat in a manner equally casual but made his way at once to my side.

"This is a pleasant surprise," he said, holding out his hand. "I had no idea you were here. Have you been here in Southern Cedars for a little stay?" How is it that I have missed you?"

For an instant I was tempted to foster the idea he had concealed. But I know that any chance moment might bring the knowledge of the truth to him, and I did not especially care for the look he would see in Hugh Grantland's face when he should learn my cheap subterfuge.

"Please, I'm sorry, I haven't been here," I laughed, answering his last question first. "I just motored over from Cedar Crest a few minutes ago."

"Oh!" He uttered the monosyllable as if it were an expletive, then added.

"Of course your husband is here but I don't see him."

His assured manner annoyed me.

I spoke shortly, chaptering.

"The man was both astonished and upset, I knew, although his manner was as impulsive as ever.

"Then may I not be of service to you? I suppose you wish to make sure of reservations when the strike is over, but I am afraid you're doomed to vexatious delay. They are promising nothing."

"They are selling tickets as far as Richmond, are they not?" I asked innocently.

"Of course your husband is here but I don't see him."

His assured manner annoyed me.

I spoke shortly, chaptering.

NEW SCHEDULE AGREED ON FOR COOKS, WAITERS

SAN FRANCISCO, Aug. 24—

Agreement on a new wage schedule, affecting several thousand cooks, waiters and musicians employed in important local hotels and cafes, is reported to have been reached. The new schedule is said to have been agreed upon at a joint meeting of employers and employees, held in the St. Francis Hotel. The schedule is announced as follows:

Cooks, 7 1/4 per cent cut from present scale of \$40 to \$60 a week.

Waiters, 8 1/4 per cent from present scale of \$34 a day and meals.

Musicians, 7 1/4 per cent from present scale of \$70 a week.

Clerk in Hotel Attempts Suicide By Asphyxiation

SAN FRANCISCO, Aug. 24.—Richard Salak, 25-year-old hotel clerk, is under medical care today following an alleged attempt to take his life yesterday. He is said to have saturated his bedclothes with an anesthetic in his room at 201 Leavenworth street, and inhaled the fumes. He is believed to have been despondent over separation from his wife. Salak was found unconscious by Edward Frates, another hotel clerk.

WOMAN, AGED 73, ACCUSES SON IN SUIT FILED

SAN FRANCISCO, Aug. 24.—Suit has been filed in the superior court by Mrs. Esther Shultz, aged 73, of 184 Twentieth avenue, who charges that her son took advantage of the fact that she was ignorant of the ways of business, and who asks that property to the estimated value of \$100,000 be returned to her. The Shultz Real Estate Company and Harry Shultz are named as defendants.

Speakers Discuss Menorah Movement

SAN FRANCISCO, Aug. 24.—At the gathering of the Pacific Coast branch of the Jewish Chalitauqua Assembly, held in the Emanuel El School, Van Ness avenue and Sutter street, last night, the main topic of discussion was the Menorah Movement. William Sternschein of the University of Wisconsin, said with regard to the movement, that it was started by a boy of Jewish extraction at Harvard to propagate the traditions of Judaism among both Jewish and Gentile students. Many other prominent Jewish educators and religious teachers participated in the discussion.

Italian General On Way To Los Angeles

SAN FRANCISCO, Aug. 24.—General Pietro Bagdolio, who is commander-in-chief of the Italian army, and who has been visiting in San Francisco, left here today for Los Angeles. General Bagdolio was a guest yesterday of Major-General Wright, commander of the Ninth Corps Army of the Army. A reception was rendered the visiting general at Major-General Wright's Fort Mason home.

Legion Will Hold Annual Gathering

SAN FRANCISCO, Aug. 24.—It is announced that, beginning September 15, the California Fourth Division of the Private Soldiers and Sailors' Legion will hold its second annual gathering in San Francisco. The meeting will last two days and will be presided over by State President Casper P. Hare.

Arrangements Made For Murder Trial

SAN FRANCISCO, Aug. 24.—Arguments were begun this morning for the trial of Charles E. Phillips, charged with the murder of Morris Brooks, on January, following an argument over a drug deal. The killing occurred in this city. The case is being tried in Judge Harold Luderbeck's court.

Work Permits To Children Expire

Any employee giving employment to a child during school hours upon a vacation or otherwise violating the state school law according to general practice issued today by C. N. Shantz, school attendance officer, who says that permits granted to children of school age for working outside of school hours expires with the opening of the school term.

The new state law has given the attendance department a larger scope by setting the school age limit at 16 years instead of 17, as last year. Boys and girls under 16 are now liable to explain if found out of school.

It has been found that a larger percentage than ever before is attending high school after graduating from elementary schools. The percentage is now 99.5. In other words, out of every 100 graduating from grammar school, 99.5 continued their education in the higher schools this year.

THE NEW TAX BILL

As the new revenue bill was approved by the House of representatives last week, by a decisive majority, and sent to the Senate, it contains some substantial and long desired changes in the present schedule of taxation. There is undoubtedly considerable relief for business in the new bill. Here are a few of the more important changes:

Repeal of the excess profits tax and an increase in the income tax on corporations from 10 to 15 per cent, with the \$2000 exemption retained, effective January 1, 1921.

Repeal of the income surtax brackets above 32 per cent, effective January 1, 1921.

Repeal of all forms of transportation taxes, effective January 1, 1921.

An increase from \$2000 to \$2500 in the exemption to married men having an annual net income of \$5000 or less, effective January 1, 1921.

An increase in the exemption to heads of families on account of dependents to \$400 for each dependent instead of \$200 as at present, effective January 1, 1921.

Exemption from tax of the first \$500 of income received by individuals from investments in building and loan associations, effective January 1, 1921.

A reduction in the manufacturers' tax on candy from 5 to 3 per cent, the manufacturers' taxes on furs from 10 to 5 per cent, and on sporting goods from 10 to 5 per cent, and the levy on art and art works from 10 to 5 per cent, effective on enactment of the bill.

Imposition of a manufacturers' tax of 3 cents a gallon on certain classes of grape juice and 2 cents a gallon on other classes, in lieu of the present tax of 10 per cent on the manufacturers' selling prices, effective on enactment of the bill.

The so-called luxury tax is repealed, to take effect on January 1, 1922, and as an offset to the loss of revenue from this source, a manufacturers' tax of 5 per cent on some of the articles that have been subject to the 10 per cent tax is provided.

There have been, and there will continue to be charges that the modification of the domestic tax schedule has been unfairly wrought. The nags on the minority side of both chambers of Congress have said that it "transfers the tax burden from the rich to the poor." That is an old story. Opponents of every tax measure have charged that or given utterances to phrases meaning the same thing. The minority party thinks it looks well, and may be of some usefulness in the future, if put into the political record. As usual, the minority party in Congress is the protesting party.

But all political prejudice and bungling aside, the new tax measure promises to display significantly firmer balance and fairness than the old ever has shown, even in the days of the most inflated war prosperity. Some of the taxes under the existing law have practically ceased to bring in any revenue. For instance, the Treasury Department experts believe that with the reduction of the highest income and surtax reduced to thirty-two per cent, more revenue actually will be produced from these sources than under the present higher rates.

As to the corporations, the \$2000 exemption is an aid to the "poor man's" corporations, and there will be about 300,000 such concerns to claim the exemption. Sponsors of the bill claim that it contemplates freeing business from what have been found paralyzing and exasperating restrictions and encouraging to the utmost the resumption of enterprise and business. This certainly is the hope of the country and if the law-makers will have realized even a portion of that hope the country will be duly grateful.

Domestic taxes levied under the new bill will, it is estimated, amount to \$3,075,000,000. This is a considerable burden for business to bear and it is highly important that the burden be fairly distributed. No law is expected to be entirely above complaint, or to give unanimous satisfaction. But improvement over present conditions is possible and the new revenue bill appears to hold much improvement.

It will not allay the dissatisfaction with the United States shipping concern that there is now a friction over the location of the Pacific

Coast headquarters. With everything connected with the management of this irksome elephant moving along in the most amicable way possible, there would still be enough to pain the American who pays taxes; but if in addition to the appalling drain it entails on the national treasury there are to be small squabbles among those in charge, the situation is considerably aggravated. And it is possible that as a consequence the sooner will an extinguisher be put on the whole business.

PLENTY OF TRAFFIC.

Railroad executives who rarely neglect an opportunity to air their grievances and misfortunes, are crying against the automobile and the motor truck as instruments of harmful competition which justify more liberal treatment for the railroads from the public service commissions and the public generally. There is the one side of the case which they like to dwell upon.

According to a statement by the United States Bureau of Public Roads, 4,932,000,000 persons were carried during 1920 in automobiles, while only 1,231,222,889 paying passengers were transported by the railroads. It is also stated that motor trucks carried about 1,200,000,000 tons of freight, which was about a half the cargo transported by the railroads. These figures look formidable. The railroads seem to have a good case.

But the same federal bureau also calls attention to the fact that the number of passengers carried by the railroads in 1920 was the greatest on record. Passenger train miles also reached a new maximum—46,724,880,000. Thus it appears that the use of the automobile by passengers did not serve to decrease the passenger traffic of the railroads. If it had any effect at all, it was to stimulate railroad travel.

What about the freight traffic? In this department the railroads also did the biggest business in their history, notwithstanding the high rates prevailing and the business slump of the last five months of 1920. The increase in freight tonnage was greater than the increase in passenger travel.

So the railroads are doing more business than ever before, despite the increased use of the automobile. And they could do vastly more business if they would reduce their rates on many commodities to a bearable point—on fruits and vegetables, for instance.

WOODEN SHIPS.

Two hundred and five wooden ships have been sold by the United States Shipping Board for an average price of \$2100 each. They cost the government from \$300,000 to \$800,000 each.

If account is taken of the administrative cost of these ships, the clerk hire, stationery and printing they have involved, the 205 wooden ships are a dead loss. There is no salvage to speak of.

This is a sad chapter in the history of the government's war time shipbuilding. But it had to be written, it seems, and the sooner forgotten the better. But it may help a little if we remember that one of the early controversies of the war period was between Mr. William Denman, member, and General Goethals, chairman of the shipping board. General Goethals did not want wooden ships. Mr. Denman insisted on building wooden ships. And being a politician, Mr. Denman had powerful politicians behind him and he had his way.

So let the wooden ships be charged to an inflated ego and political chicanery:

President Harding's advisers in the State Department do not believe it to be practicable to turn the proposed disarmament conference into a mass meeting open to the public. Of course, it is not practicable. Such a thing never will be practicable. President Wilson's "open covenants openly arrived at" was a hollow phrase, but it seems to have created a mischievous misconception in several minds, including that of Senator Borah.

OUR FIRST AIR DREADNAUGHT.

The most interesting of American battleships of today has been building in England and will make the hop across the Atlantic in September. This is the most rapid ship ZR-2, which through an amicable arrangement with our Government took over from the British Government. Its construction was still in the early stages. It is said to be the most powerful of aerial ships of war. Of late the big airship has been undergoing a series of trial trips and minor reconstructive changes. The ZR-2, a ship of similar size but somewhat different design, is now being built in the United States.

The ZR-2 is not only considerably larger than its famous predecessor, the British R-38, which made the first trip of a lighter than air vessel across the Atlantic, but it has a lifting capacity nearly half as great again and its cruising radius will take it twice as far. In fact, its normal speed of sixteen miles an hour, the big dirigible can make 850 miles without landing, and thus could circumnavigate the earth at the equator in four hops, and barring accidents could do the trip around in about seventeen days. It is expected to cross from England to its moorings in New Jersey in about three days.

Our new dreadnaught of the air compares favorably in size with most of the big passenger liners. Its length is 665 feet, or just 27 feet less than the liner George Washington. It has an armament of 14 Lewis guns, one-pound automatic gun mounted so that it can shoot straight up if necessary, and it carries racks for bombs of various sizes. Airplanes would be a true customer to do much work both in offense and defense as it represents a big advance over the Zeppelins of war days. Fifty gasoline tanks, all carried, will admit each captain of 1600, double-poled clear of the ship at a minute's notice, carry thirty tons of gasoline for fuel. The fuel distribution system is protected by cleverly placed machine gun nests.

All the elaborate functioning of the vessel are combined in a simple centralized control. Her crew consists of from fifty to seventy men. Their quarters are comfortable, and through a device for exhaust, heating they may have hot meals. The vessel is capable of being converted to commercial uses, and could then carry forty passengers in comfort and two tons of freight.

These huge dirigibles, like their little darts cousins the airplanes, are still really in the experimental stage. Doubtless their development will be rapid and astounding. It may well be that the future of transport lies in the air.—New York Sun.

NOTES AND COMMENT

The bill by Representative Krasse, as reported, is somewhat ambiguous. Its purport is to have executive authority automatically descend upon the vice-president when the President shall be absent from the capital to exceed 48 hours, that is one thing and reasonable. If it means that the President shall forfeit his job by thus absenting himself, that is another and open to discussion. The bill appears to have resulted from the long absences from the country of a former President, who wouldn't let anybody act for him.

A Frenchman is out for a new record. He has killed 550 snakes in fifteen days. There are not likely to be many competitors in this tournament. Not every country could toss its hat in the ring, for the champion's record has been made on aduers, and this country, at least, is shy on adders.

There were rumors that Secretary Mellon is to quit. They have been denied, and so far as the unsophisticated public can see, are not probable. There have been no considerable signs so far of the cabinet jangling out of tune.

It used to be that the man who suffered the rare experience of a snakebite had some slight compensation in the remedy that was rushed to his amelioration. But in the only case that has been reported in these later piping times the serpent's venom was counteracted by a serum, and that is very different. Serum may go some way in fetching a fellow through in such an emergency, but it lacks some of the qualities of the snakebite remedy of other days.

We have come some distance from the time when a few scattered raisins in the bun, and they imported from Spain, were about the ratio of that delicacy. Ten trainloads of raisins comprising some 15,000 tons were started from Fresno last Monday for Eastern markets. The raisin has now become a food instead of a delicacy and California supplies the world.

The dilemma of the San Jose sheriff is engaging attention. A chiropractor who was committed for practicing in defiance of the law came to the barstle unaccompanied with papers. The sheriff, on discovering this fact, sought to turn him loose, but he refuses to be turned loose and the dilemma is how to get him out.

The old controversy about blue gum trees being destructive of sewers is to the fore again. This fact was demonstrated some years ago in Alameda. The roots of this tree make for sewers with an uncanny thorough the slightest crevice to get water. Because of this root habit the blue gum has been termed with considerable aptness the octopus among trees.

New York has sentenced the kidnapper of a child to the electric chair. Making kidnaping a capital offense and enforcing the law rigorously seems the logical way to check this class of heinous crime.

The wisdom of, restating that about the reluctance of the present day youth to start in the new school term might be discussed. Not, perhaps, as to truth of it, but as to the wisdom of promulgating something to confirm the young in that attitude. They see going to school made a joke of and make a joke of it themselves.

The sailor who hadn't heard about the Voistead Act and its string of consequences at once gets in a class with the Wisconsin traffic cop who had never heard of William Jennings Bryan.

The story from Grass Valley of the man who fell down stairs and broke his neck, but went around for several days without being aware of it, is well along toward the record. It may be necessary to go to another class and get a fish story to compete with it.

C. OF C. WILL AID IN STATE BOOST PLAN

Will Cooperate With Newly Organized Development Association in Movement To Weld Counties in Program

The Chamber of Commerce is laying plans today to play a leading part in the projected formation of a state-wide "boost" body.

This action was ordered by the directors of eight following organizations, with members of the new organizations, the California Development Association, headed by J. H. McDonough, the president, and N. H. Slane, the secretary. The Development Association is the result of the recent merger of the California Development Board and the California Industries Association.

It is the plan to organize councils in every county. In this way it is hoped to bring about state-wide cooperation on all projects for the upbuilding of California.

The appointment of a committee of five was authorized by the directors to work out the details.

A delegation from the Benicia Chamber of Commerce, headed by Dr. P. B. Frye and Secretary F. M. Kerrick, asked assistance in bringing about the construction of a ten-mile cut-off by the Southern Pacific between Vallejo and Benicia. It was asserted that the new line would route most of the products of Solano, Napa and Sonoma counties into Oakland. This matter was referred to the traffic bureau.

Official approval was given to the manufacturers' exposition at Idora Park in October.

Mrs. Aletheia Head Baptizes Jail Matron and Scratches Ward Steward After Her Court Hearing is Adjourned

Mrs. Aletheia Head, on trial in Judge A. F. St. Sure's court to determine her sanity, suddenly threw a glass full of water over Mrs. Norah Callahan, matron at the city jail, just after the morning session of the court adjourned.

Without warning she then turned upon Charles Emley, steward of the insane ward, who has had charge of Mrs. Head, and clawed him with her finger nails. Spectators finally succeeded in holding Mrs. Head and calming her down.

Mrs. Callahan was the first witness called in the morning session today. She was followed on the stand by the night matron, Mrs. Eleanor Underwood.

When Mrs. Head flung the glass of water upon Mrs. Callahan, she said: "I baptised you in the city jail and I now baptise you again."

Up to the time of the adjournment for the noon recess the case had proceeded quietly.

Decree Is Granted In Divorce Suit

Mrs. Kate Chaffey was granted an interlocutory decree of divorce from George Chaffey today by Superior Judge Lincoln S. Church on the grounds of cruelty. They live at 1429 Second avenue.

Mrs. Chaffey charged that her husband on numerous occasions accused her of being intimate with "dozens of other men." They were married in London, England, on January 30, 1894, and separated on August 2, 1921. There are three children.

SEAT SALE WILL OPEN NEXT WEEK

Advance Reservation For Music Festival To Be For Subscribers and Members of Chorus; Patrons Wanted

BERKELEY, Aug. 24.—Tuesday and Wednesday, August 20 and 21, have been set as the dates on which advance reservations can be made for the music festival September 15-17 at the Greek theater. The advance sale will be for subscribers and members of the chorus only.

Through the courtesy of the Southern Pacific Company, booths will be erected in the park area at University and Shattuck avenues for the making of reservations. The regular sale of reserved tickets will begin on September 1 in the booth at Stewart & Clay's in Oakland.

The art committee of the chamber of commerce, with Gilbert Moyle as chairman, has arranged a series of programs featuring artists of California, and will be with Charles Wakfeld Caupin on the first night, Berkeley composers on the second night, the Berkeley school on the Saturday matinee, and composers of the Bohemian Club on the third night. The festival will be for the benefit of the war memorial.

The university is an active participant in the event, as are the public schools. The business men have underwritten the festival for \$7200, and are therefore business partners in the enterprise. The management of the festival appeared last night before the Affiliated Clubs, will appear tonight before the Rotary Club, Thursday before the Lions Club, and Monday before the Elks Club, addressing the members of these organizations the privilege of becoming patrons.

Alamedan Shouts; Burglar Still Going

ALAMEDA, Aug. 24.—A Perry of 2638 Harrison avenue is thanking his lucky stars that he possesses a noisy pair of lungs.

Perry heard someone on cautiously raise the rear window last night and enter the room. He could dimly discern the figure of the intruder. Raising in bed he yelled as loud as he could.

The effect was instantaneous. The intruder almost carried away the window frame in diving out. Policeman Andrew Peterson was sent to investigate and in the garden he found footsteps ten feet apart and headed south. From this Peterson deduces that the would-be burglar must now be somewhere in the vicinity of Los Angeles if he maintained the same speed.

Tool thieves broke the lock upon the toolroom at the Christian Science church, under construction at Walnut street and Central avenue, last night. The police are investigating to find out what was taken.

Pioneer Resident of Alameda Is Dead

ALAMEDA, Aug. 24.—Mrs. Clara Koch, 44 years a resident of Alameda, died at her home, 2518 Erie avenue, yesterday morning. The funeral will take place tomorrow afternoon. Mrs. Koch was the grandmother of Nicholas and Charles Reinecker, well-known Alamedans, and Mrs. Frances Bormann.

Mrs. Koch was born in Germany and came to the United States 46 years ago. She was 74 years of age. She will be buried in Mountain View cemetery.

Sick Man Is Found On Berkeley Street

BERKELEY, Aug. 24.—Found at University and Shattuck avenues shortly after midnight, Raymond Wetzel, 581 Franklin, San Francisco, was rushed to the emergency hospital in the police ambulance. A bottle of poison was found beside Wetzel, but the authorities declare that he only moistened his lips with it. He is a sufferer from epilepsy. After being treated at the hospital he was taken to police station for observation.

Registrations Show Decrease Over Year Ago

BERKELEY, Aug. 24.—Little difference from last year's figures is shown in the registration for the first ten days of the fall term at the university, according to figures released by the recorder's office.

So far 2620 new undergraduates have registered, as compared with 3027 last year. To date the undergraduate students total 8430, while last year they totaled 8495.

Registration in the graduate division is less this year than last. So far 834 have registered, while a year ago there were 917. This gives a total of 9264 students registered in both divisions this year, compared with 9412 last year.

Humorous Paper To Try Serious Vein

BERKELEY, Aug. 24.—After years of "high flying," the Pelecan, humorous monthly magazine of the university, will assume a more serious form, and bid with the "Bengal executive council."

The greatest changes in the publication will be in the type of art work accepted, according to the editor, and the slap-stick type of humor will be entirely eliminated.

The convention will be held in the Hotel Oakland, will be welcomed by Mayor Davis at 10 o'clock in the

INHERITANCE TAX JUDGES MEET HERE

Sixth Annual Conference of Appraisers Opens Tomorrow; Elizabeth E. Kenney, President, Will Preside

A regular "he" convention, presided over by a woman, will begin its sessions in Oakland tomorrow. It is the sixth annual conference of the inheritance tax appraisers and attorneys of California. Arrangements for the convention were made by the conventions' bureau of the Oakland Chamber of Commerce.

The feminine directing head of the organization is Elizabeth E. Kenney, inheritance tax appraiser and appraiser of Los Angeles. She will preside at all sessions and see to it that the masculine delegates observe convention amenities and stick strictly to parliamentary procedure.

The convention will close with a ride over the Skyline boulevard, followed by a barbecue at Paradise Cove, Saturday afternoon.

LOVE OF PEACE IS ABSENT WHEN MOTHERS MEET

Election Troubles of Federation Brought To Floor in Verbal Battle.

SAN FRANCISCO, Aug. 24.—The love of peace was absent from the San Francisco Federation of Mothers yesterday when the leaders met in the first session of the season. Election troubles, which have brewed since Mrs. George Harris was seated in the presidential chair to succeed herself, were brought to the floor in verbal battle. Charges of unparliamentary procedure, conduct of illegal election, and favoritism were hurled.

Resolutions introduced by Mrs. George Wale, calling for a general investigation, died for lack of a second. Mrs. Wale left the meeting.

Mrs. Harris and Mrs. G. F. Kyle were given a tie vote for the presidency at the annual election. A rebalot was taken, Mrs. Harris gaining re-election. The opposition declared before the general body that all laws of parliamentary procedure had been violated when the second balloting was delayed until the close of the annual meeting. Instead of taking place immediately upon the count, Mrs. E. R. Hopkins, chairman of finance, pronounced that the election was illegal. Mrs. B. Simmons, parliamentarian, called upon to decide some knotty problems, advised revision of the constitution and by-laws to meet present conditions.

Mrs. W. H. Marston, of Berkeley, president of the second district, assumed the role of peacemaker, advising the mothers to "let the little irritations and personal feelings sink to the bottom to give big ideals and ideas room to rise to the top."

Tracy-Fresno Highway Meets With Approval

TRACY, Aug. 24.—After listening to the Chamber of Commerce committee composed of Mr. Wm. W. Sherman and Rev. David Xalston, the San Joaquin board of supervisors announced itself as favoring the Tracy-to-Fresno concrete highway, linking up all of the West Side towns. The board made one proviso—that it favored the project if the route of the present partly improved county highway be followed. San Joaquin in favor of the proposal, every county along the route has gone on record for the highway, though no concrete action has been taken by any board, nor is it expected that anything like definite steps will be taken for some time yet.

Further action will be taken at the meeting of the united Chambers of Commerce of the West Side at Patterson, August 26.

Driver Is Hurt When He Hits Parked Car

BERKELEY, Aug. 24.—G. L. Hull, 2617 Fulton street, suffered bruises of the face and severe shock when his automobile collided with a parked machine belonging to Dr. Minora Kibbe, Federal building, Oakland, shortly after midnight at Ashby and Shattuck avenues.

Hull's machine was overturned and badly wrecked. He was treated at the emergency hospital, where it was necessary to take several stitches in his face, and was later removed to his home. According to the police, Hull had been drinking.

Boys Soap Rails and Street Cars Delayed

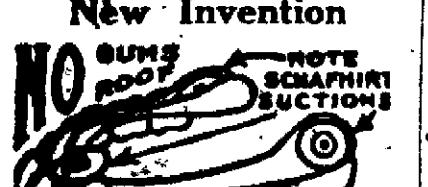

BERKELEY, Aug. 24.—Boys who played a prank on the crews of the Auto avenue car line by soaping the tracks are sought today by the police.

As the result of the soaping, traffic was held up last night, the cars being unable to make the hill on Russet street, between Pine avenue and Claremont boulevard.

Passengers were forced to walk up the grade until the soap was removed from the tracks. Two officers have been detailed to find the mischievous youths.

Ladies' Relief Society Fete Will Open Saturday in City Hall Plaza

Many Features Added To Attractions Arranged For Benefit of Children.

Market day, the long-looked-forward-to fete for the Ladies' Relief Society which brings joy to the hearts of its sponsors as well as the beneficiaries, nearly a hundred little children, is but three days off. Market baskets should be in readiness early Saturday morning, when Sunday shopping will be done in the City Hall plaza by hundreds of East Bay folk that the little children of the home may have a happy winter.

Some of features have already been added this year. The Casino, where Pleasure will reign, is to be one of the bright spots of the setting attracting hundreds. Here Prof. Al Vander Nallen will introduce the magic of the Far East, telling the fortunes of those who seek to know the future.

The California Glen Club will this year add the society appearance throughout the day and evening, and a jazz orchestra will also be featured.

Victrola records are an additional feature this year.

The plaza will present a gay scene with streamers and garlands in golden tones, huge sunflowers waving in the breeze, an insignia of the fiftieth anniversary of the association.

The route of the present partly improved county highway will be followed.

In view of the fact that the proposal, every county along the route has gone on record for the highway, though no concrete action has been taken by any board, nor is it expected that anything like definite steps will be taken for some time yet.

Further action will be taken at the meeting of the united Chambers of Commerce of the West Side at Patterson, August 26.

SPACE IN DEMAND FOR INDUSTRY FAIR

Members of the Associated Manufacturers of the Eastbay Cities are making headway with plans for the first annual Eastbay Manufacturers' Exhibition during the early part of October.

With the exposition more than a month away, more than half of the space in the exhibition tent to be erected at Idora Park has already been subscribed.

Chairman of the committee in charge claim that the majority of the 2,400 manufacturers and manufacturing corporations of the Eastbay's membership by the time the exhibition had been held.

Freshman Kidnapped In Fraternity Rush

BERKELEY, Aug. 24.—Entering students at the University were literally kept prisoners by the members of the fraternities "rushing" them for membership was reported today. Many strange stories are being told by disinterested fraternities and by students who are the object of the unusual tactics.

Men of the preparatory school say they were unable to leave the company of their mentors during the entire "season." Many students, it is reported, were placed under the pressure of friends and upper-classmen to make them break their pledges with one fraternity in order to join another.

An organization has been started to institute a fraternity council to formulate rules governing rushing.

PETERSEN CASE TO BE DECIDED ON OLD TESTIMONY

Former Police Official Objects To Course Proposed By Civil Service Board.

After plaintiff, defendant and the Civil Service Board had disagreed for more than an hour and a half last night as to the best method for reviving the Petersen case and coming to some decision, the Civil Service Board finally decided to base its decision on the testimony of the previous hearing.

Digestion of this testimony, it was anticipated, shall take more than a month, as Petersen is going north for that period and does not want to be haled into this court until he returns.

Cedric Petersen, attorney for Petersen, objected to basing a decision on the previous testimony. Acting City Attorney Leon Gray objected to Petersen's objections. During the whole session nobody entirely agreed as to what the method of handling the whole case.

Petersen, a captain of inspectors, was assisted by former Commissioner Morse, on twenty-one counts.

Petersen appealed to the Civil Service Board. Morse went out of office recently. So did the Civil Service Board. Neither the new commissioner nor the new board are officially informed as to what it is all about, as stated last night from various angles.

GIRAL NOT PROSECUTOR.

Starting the session, Gray, the new city attorney, said he was "not here in the role of prosecutor," and said it was for the board to determine the case from the evidence.

"I do not express an opinion of what procedure the board should adopt," said Cedric Petersen. "We are here to answer charges."

"Oh, I am not desirous of being a prosecutor," said Gray. "This matter is an heritage of the past. I do not intend that this shall be a battle of wits between attorneys. The board should only determine whether Captain Petersen was justly discharged or not."

"We will not give up the slightest right we have under the law," said Cedric Petersen. "We have been the butt of political knavery, on the part of the public opinion. We have had justice done. We shall not give up one single right to answer charges. We are here for that purpose."

OBJECTION IS RAISED.

"Why don't you and the city attorney get together on some plan of procedure?" asked Chairman John Chambers.

"It is not a matter between the city attorney and ourselves," said Petersen. "We are here to answer the charges."

"I have never seen the charges," said Gray. "How can I prosecute?"

The charges went overboard with the general discussion continuing.

"I say that the recent com-

missioner rests the case on the evi-

dence presented by his predecessor," said Petersen. "That is not a proper procedure. We are here to answer the charges."

Petersen finally produced copies

of a record of the previous case,

which he had prepared. He sug-

gested that this record be used in lieu of previous evidence which was lost.

Members of the board read the Petersen writeup and took exception to certain parts of it.

"The record could not be bound by his record as presented," said Gray. "It can only conduct an inde-

pendent investigation."

"The statement is faulty," criti-

cized Chambers. "There are some things which do not belong in the statement."

"The purpose," said Gray, "seems to be to compel the board to make its decision according to that state-

ment."

WOULD REFUTE TESTIMONY.

"Then," said Petersen, "I rec-"

ognize that this board would and de-

cidate the appeal of Walter J. Peter-

sen, my testimony introduced."

The board will review the testi-

mony of the previous hearing," ruled

Chairman Chambers, at length.

"That was last night's final decision."

"Object," said Petersen. "It is

beyond the power of this board.

It is a violation of Petersen's rights.

He could not give a chance of fairly stating his case."

"The decision stands," said

Chambers.

The decision, it is admitted, will

turn the case into another month.

Chambers said it will take many

sessions and months of publicity, if

LABOR TROUBLES ARE REFERRED TO NEW COMMITTEE

Alameda County To Act Independently of Any Action Taken in S. F.

The appointment of a conference committee of ten by the Building Trades Council of Oakland at last night's meeting of the organization was announced today as the latest development in the East Bay Building Trades situation. M. J. McDonough was named as chairman of the committee which is in conference to consider a proposed plan which the Building Trades Council is said to have been discussing for some weeks past, and which, it is believed, may bring about a settlement.

No definite announcement was made as to the details of the plan except that it will probably be so formulated as to admit of its presentation in definite form at next Tuesday night's meeting of the Trades Council.

ONLY ONE COMMITTEE.

It was said that there is now no general strike committee and no rank and file committee but that the situation is in the hands of this new conference committee of ten, headed by McDonough.

The local situation is strictly independent of the situation in San Francisco and it is announced that Oakland's settlement of the difficulties will be independent of any action taken on the other side of the bay.

Last night's meeting of the Building Trades Council was attended by practically a full membership. Member unions of the building trades council in San Francisco will take a referendum vote on the proposition of returning to work under new terms formulated by the Chamber of Commerce. The main basis for settling the building controversy is to be virtually the same as that voted down some time ago, except that it is not termed the "American plan," its provisions remaining the same.

It is announced that the results of the vote must be in the hands of the secretary of the Building Trades Council of San Francisco by noon, Saturday.

S. F. SITUATION.

At the meeting of the Building Trades Council of San Francisco last night, at which the proposition of a referendum vote was decided upon, there were present executive officers and business agents of affiliated unions of the council, executive officers and business agents of the council itself, ten international officers of the building trades involved and a committee of five from what is known as the "rank and file" of the building trades workers.

The council conferred upon those men the power to deal with any angle of the strike situation which might develop. According to an officer of the Building Trades Council the possibility of a peaceful settlement of the building trades situation in San Francisco appears brighter.

MAN'S LETTERS, HOT AND COLD, COMPLAINS WIFE

SAN FRANCISCO, Aug. 24.—Had J. E. Bliss, a soldier stationed at Cheyenne, Wyo., written every other letter to his wife, the couple might now be living together under happy conditions instead of being legally separated through a divorce granted to her by Superior Judge Valentine, it is alleged. It appears she is in the habit of writing scathing missives to his spouse, and then following them with letters indicating great contriteness of heart. Mrs. Magdalene H. Bliss of 2965 Twenty-first street, told the court all about it on the witness stand today. After a course of cruel treatment, she had written Bliss, sending him a proposal. "He would send her to Halifax before paying for her freedom." A day or two later she received a second letter, in which he said he had been a beast for addressing her as he did, and describing how he was almost dead from grief and sorrow.

"Don't send me to the grave with grief," he concluded, and then signed himself, "Your forever boy, with love that I can't forget."

Mrs. Bliss said that she had a child, Gladys, by a former marriage, for whom her husband held a dislike. He had struck the girl on several occasions, told her he did not like her and suggested that an advertisement be put in the paper for someone to adopt her.

Mediation Board On Oil Wages Meets

SAN FRANCISCO, Aug. 24.—Executives of the Shell Oil Company and the Oil Workers' Union and representatives of the President's mediation board met today to draft a new wage agreement for the oil workers employed by the company.

According to Robert A. Lewis, secretary of the company, the meeting was called "to see how much of a wage reduction the men would accept." He promised a statement on the result of the conference.

Wife Divorces Rancher.

SAN FRANCISCO, Aug. 24.—Mrs. Able L. Gifford was granted a divorce by Judge Van Sanden yesterday from Harry Gifford, a wealthy rancher, and given the custody of four children. She described in court how her spouse had left her for weeks at a time and enjoyed himself in the company of other women. She said he made her sleep in a bunk house. Mrs. Gifford resides at 1034 Sutter street.

BOY SCOUTS WILL COMPETE AT FAIR

Champs Only to Perform in Big Livermore Rodeo

LIVERMORE, Aug. 24.—"Champions only" is the word behind the big rodeo Livermore is going to give to the forces of labor from the bay cities on September 3 for a three-day stay, during which they will attempt to win new laurels for their organization and for the city, according to an announcement made yesterday by H. J. Bemis, local executive. The demonstration, under the auspices of the State Fair officials and the Sacramento council of the scouts, will consist of three days of competitive events in which eight entries will take part from each of the 100 or more councils in the state. In conjunction with these demonstrations there will be a conference of older scouts to which Oakland is sending two delegates for the purpose of discussing problems vital to the work of the organization.

A relative has drawn up by Bemis names of the following boys to make the trip: Harold Chastain Curtis, Ray Howard Greene, Fred Libby, Herbert Wise, Frank Halbrecht, George Nasen, Richard Lawrence, William Mary, Horton McDonald, Chastain, who will lead the group, is the ranking Boy Scout, having won a total of 46 merit badges and bearing the title of Eagle Scout. Sibley, Wise and McDonald are also Eagle scouts, while the remainder with the exception of William Mary are Star scouts. Bemis points out that collectively, the group has won a total of 208 merit badges.

Chastain and Sibley will be the delegates to the older boys' conference. Greene has been chosen from the group to act as orderly to the officials of the fair and will be quartered on the grounds with a dozen other lads for the entire duration that the event is on.

Greene, who is planning to accompany the group, is endeavoring to arrange with a local automobile dealer to supply a seven-passenger car to carry the boys to and from Sacramento.

Mrs. Leimert Granted \$400 Month By Court

Superior Judge E. C. Robinson today granted an allowance of \$400 a month to Mrs. Anna Leimert, widow of Louis Leimert, who died March 14 last. The petition for the allowance contained an appraisement showing Leimert left an estate valued at \$12,750.27.

Leimert, who was the father of Walter Leimert, real estate man, left his property to the widow, several children and a large group of relatives and friends.

Bishop Moreland To Speak To Rotarians

Bishop W. H. Moreland of Sacramento will be the speaker at tomorrow's luncheon meeting of the Oakland Rotary Club at the Hotel Oakland. His subject will be "The Story of the Builders Rejected."

It is also announced that on Monday, Aug. 29, at 6 o'clock, the Interclub visit of the Oakland Rotary Club with Modesto and Lodi at Modesto will be held. The trip will be made by auto, the Oakland delegation leaving the Hotel Oakland at 2:45 p. m. sharp.

Two Men Arrested At Door of Wine Cellar

SAN FRANCISCO, Aug. 24.—Corporal of Police Phillip Brady and Patrolman Richard Hughes at an early hour today captured two alleged burglars at work in a basement at 833 Broadway. The men gave the names of Jose Masota, aged 21, and Frank Gomez, aged 24. A flashlight and padlock which had been ripped off the door were found in Masota's possession. The cellar contained 9 cases of wine, the property of Joseph Darot.

Magazine Editor Will Address Club

It is announced that Nathaniel A. Davis, managing editor of the Pan-Pacific Magazine, will address the Mutual Business Club at its meeting at the Hotel Oakland tomorrow.

He will discuss the free port question.

Davis has given talks before various clubs in the East Bay district.

He is considered an authority on the free port proposition.

N. S. G. W. WILL STAGE BENEFIT BOXING PARTY AT AUDITORIUM

LOCAL GOLFERS REMAIN IN RUNNING FOR SAN FRANCISCO CHAMPIONSHIP AT LINCOLN PARK

'DYNAMITE' MURPHY TO BOX TERIO VARGAS IN THE FEATURE BOUT

Red Williams of Rodeo and Henry Borba of Crow's Landing Will Swap Punches.

By BOB SHAND.

The Native Sons of the Golden West will watch a lot of little four-rounders go south tonight at the Auditorium. Promoter T. Jeremiah Simpson has lined up one of his regular cards and will run the show in his usual efficient manner but the profits will be turned over to the N. S. G. W. who are gathering assorted bundles of kale with which to entertain their guests when the annual convention is held here. Financing a convention in this manner is not conventional but the method will save the city considerable money as it has been customary for the lodges to seek an appropriation from the public treasury. The N. S. G. W. decided to do their own financing and T. J. Simpson went to the bat for them with an offer to stage a hit-party. Other entertainments will follow but the little four-rounders will not be on the program. Tonight is their night.

The Natives have been busy all week disposing of tickets for the show and there promises to be one of these well known "large and representative gatherings" when the first pair of scrappers tee off. Auditor Harry Kold Williams is in charge of the arrangements for the Natives and everybody Harry has talked to in the last few days has promised to be among those present. To make sure that the gentlemen would not forget Harry gave them a reminder in the shape of a red ticket that set the sum total exactly one-sixty-five. Fifteen cents of this munificent sum will go towards paying for the late war and a portion of the balance will find its way to the entertainment fund of the N. S. G. W.

"Red" Williams Is Sturdy Middleweight.

In honor of the occasion Matchmaker Simpson has paired off some regular fighters who can be depended upon to do their darndest and then some. At the top of the card is "Red" Williams, the Rodeo middleweight, now four-rounding, and Harry Borba, Crow's Landing. Harry Borba has been quite popular with the regular Auditorium customers and will get another main event next week if he hangs a ten-round. A number of other fighters hung weighty wallop on the rodeo boy's talking apparatus but none of them seem to have come down. Red can take an terrible licking around the face without showing signs of weakness and has assimilated a lot of the art of punishment without whimpering. Borba is known as a hard hitter with a penchant for hooking to the pants. He'll have to be wary to his punches to make Williams budge. Joe Robert is the target for a flock of Borba's best punches and Joe was there to the world at the finish that he shared the same fate as Roberts, but he showed no fear in a draw. Williams is just as tough as Roberts, but he's not the left hand that Roberts has. If Williams could catch one of his lefts, then he would have a better chance of victory, but that is not Red's style. He will get in and slug with his opponent and when he's through shooting in the finisher himself. With both lads feeling the same way about it, there should be a lot of action and a good education about ten-thirty this evening.

"Dynamite" Murphy To Tackle Vargas.

"Dynamite" Murphy is going to take a chance with Terio Vargas which proves that the TNT kid is game. This Vargas party showed the customers some real class last week with the third Jimmy Thorntons and a lot of more timid boxers than Little Murphy would have been scared off. Murphy sounds the match and he wins the most important round of the building if he does not bring Vargas down. None of the little fellows have the kick that Murphy has in his pocket to lay claim to. Murphy is going to bank on that punch tonight. Lee Mason stopped just one of these hooks with his lunch parlor and, I am sure, for the rest of his life. The Vargas tuning is not any tougher than Mason's and Terio is going to be in a terrible pickle if the Murphy boy is on his back. If Vargas is careful he might keep away from Vargas all evening. He is a shifty kid, the Filipino, and he has a good punch and a good punch, good footwork and ability to duck at the right time. A fighter and a boxer invariably put up the best fight. That's the combination here.

Johnny Burns May Surprise Soldier Day.

Johnny Burns and Soldier Day will put on a good middleweight attraction. Day stopped Marly Burman in easy fashion at the last show but since that time he has boxed a draw with Marly. Although Soldier Day will have to show better than that to get away with Burns, who is a man of good size and quickness, Freddie Fuller, manager of Burns, says Johnny will prove a surprise tonight.

Frank Luscher, the fast Oakland lightweight who used to have a habit of rocking his playmates to sleep, will attempt a come-back with Joe Ketchel on the other end of the bout. Tom Nease and Dat Larson will tangle and Eddie Landon will swap wallop with Jimmy Thornton. The curtain raiser will be furnished by Sam Brodie and Jack Kersch, a pair of newcomers who have an argument to settle.

Two Under Par Score Turned In at Oakwood

American-Born Professionals Defeat Foreign-Born Golf Players.

OAKWOOD COUNTRY CLUB, CLEVELAND, Ohio, Aug. 21.—Bob Jones, of the Kiskiopon Club, Pa., turned in a low score of 66, below par—in the first round of the Western Open Golf Tournament today. This is the lowest score ever made in championship play on this course.

CLEVELAND, Aug. 24.—A team of 12 American-born golf professionals, led by Mike Brady of Detroit, yesterday defeated a dozen foreign-born experts, captained by Jack Hutchinson of Chicago, British open champion, 1 point to 2 1/2, best ball, four-ball match as preliminary to the Western open championship, which opens today at the Oakwood Club.

Hutchinson, paired with Bob McDonald of Chicago, metropolitan open champion, Captain Billy and William Troxler of Detroit, Canadian open champion in the first match, and Willie Ogle of Worcester, Mass., paired with Eddie Holton of Chicago, second place in the open, and W. C. Snellwood of Newark, Ohio, but the other four matches were won by the Americans as follows:

Sammet French, Youngstown, and William Melhorn, Shreveport, defeated Lauri Ayston and Charles Mayo, both of Chicago.

George Adams, Chicago, and George Bowden, Cincinnati, defeated Alex Ross and Harry Hampton, both of Detroit.

Gene Sarazen, Titusville, Pa., and Charles Hindebrand, Detroit, defeated Willie MacFarlane, New York, and Wilfred Reid, Wilmington, Del.

Lloyd Gullickson, Mishawaka, Ind., and James Farberry, Chicago, defeated Paul Gauvin, Chicago, and Cunningham, Toledo.

McNamee, fourth, and Snellwood, fifth, with 331 each.

Permit Issued For Featherweight Battle

CLEVELAND, Aug. 24.—A permit was issued yesterday by the Cleveland Boxing Commission for the 12-round decision bout between Johnny Ellingson, Cleveland, and Danny Fisher, Toledo.

Ellingson, 17, following the posting of \$1,000 by the promoters. The thousand dollars of this amount is the first installment of the \$60,000 purse, the other \$59,000 being in training expense money for the boxers.

Suzanne Gets a Kick Out Of Our National Pastime

NEW YORK, Aug. 24.—Miss Suzanne Lenglen, of tennis fame, yesterday was initiated into the joy of being a baseball fan and liked the experience.

In a box behind first base at the Polo grounds, the mademoiselle from Paris ate peanuts, drank soda pop and contributed to the volume of rooting while the Giants went down to defeat before the St. Louis Cardinals.

Greeted by a storm of applause upon her entrance, Miss Lenglen proceeded to her box, where she was presented with a baseball by Rogers Hornsby, and then given a baseball cap by Eddie Collins.

Without the faintest bit of affection she turned to her mother during one of the Cardinal battles.

"Go, isn't it exciting?"

Then she caught some of the more common rooting phrases and ap-

Rourke Will Not Be Portland Magnate

SAN FRANCISCO, Aug. 24.—W. A. Rourke, Omaha baseball magnate, said today he was going home with his family.

Mr. Elliott Callender, Lauren Upson and Carl Van Horn, Jr.,

will share the record field that will be built for the 1922 championships.

There was been quite a good deal of comment on what score will qualify.

Last year the winner tied at 160, the 22nd place.

In this year the alterations and improvements made at Del Monte and Pebble Beach courses will make scoring at least 100 yards more difficult, which would make 170 good enough to get into the title fight.

The tournament is to open a week from today and end with a special event consisting of a national versus par competition. The following day there will be a feature team match between the North and South.

Qualifying runs will be 160 yards, both courses being used, are scheduled for Monday and Tuesday.

Yesterday Rourke said, "McGroarty will hold a draw for the finals on Saturday.

The Del Monte women's championship, which is one of the important tournaments, will be played on Sunday.

President Roger D. Lapham, president of the California Golf Association, is giving personal attention to the details of the tournament. The tournament committee, chairman, Dr. James A. MacKenzie, and Harry Patti and Frank Kales, is also active in seeing that everything is done in a good style.

Fred A. Puryear, the manager of the team named Peewee Hay and Mortie Dutra as the respective starters for Del Monte and Pebble Beach.

At present all of the golfers are turned out for Del Monte and Pebble Beach for big things are promised in the next week or so in the way of preliminaries to the state's premier links event.

Roger D. Lapham, president of the California Golf Association, has donated a beautiful trophy for the annual team match between the North and South. It will be played for the first time on Sunday, September 4.

The conditions set forth are that it is to be for teams of six, eight or ten players representing each division of the state.

The losing team has the right to challenge one in the next year.

In case of victory the original winners have the right to challenge back.

In this way President Lapham hopes to keep the 22nd place.

He is to be followed by a team matched during the year, a season, and it will add more importance and interest in the event at the time of the annual meeting at Del Monte.

President Lapham is one of the most popular golfers in the state.

Both the Southern and the Northern teams under the circumstances will make great efforts to pull down this trophy.

George Howard, assistant professional at Del Monte, had a remarkable performance of negotiating the 18th hole on the Del Monte course in two.

With W. W. Campbell of Long Beach, Howard defeated the best ball of Jack Neville and Francis McComas, one up.

PACIFIC FOOD PRICES AND WORLD'S COMMERCE

TOMATOES BEGIN TO REACH TRADE FROM SAN PABLO

Crop of Limited Acreage in Excellent Condition, Market Finds.

San Pablo gardens have begun delivery of the first tomato crop which promises to net substantial returns. The acreage is materially limited, however, due largely to last year's unprofitable operations.

Market experts said today that the maturing San Pablo crop is in first class condition and that growers are receiving from \$1 to \$1.25 in the field for packed bags.

Canning operations on these and other day tomatoes probably will be held back for ten days when the bulk of the crop should be ready.

Warmer weather is hastening the ripening.

Melons which had showed some tendency to soften during the last few days again have begun to pile up in the local market with a prospect of softening quotations. There is an exceedingly good demand for melons of first-class quality, but green and medium quality deliveries are a drug on the market. As for the active demand for good melons, a truck load of 2½ tons which came yesterday was entirely cleaned up in five minutes. Growers complain that they gain no better prices for fancy melons than for the others and have shown less care in preparing their packs for that reason. River melons continue to come in limited quantities as yet.

Strawberries broke back to 50 cents a drawer today in the later hours or the morning sales due to the late arrival of train. The berries are still being accumulated in quantity for eastern shipment which is limiting delivery to Oakland.

Grapes which had weakened down in trading showed a better tendency today as did also pears. The only pears offered of quality were on withdrawal from ice houses and brought \$3, the level quoted for the earlier river deliveries.

Commission men advise housewives that the time for preserving white figs is ripe and that the best deliveries at the lowest prices which will be reached this season, are on hand. The white figs are selling low as 50 cents a box of 2½ pounds and the first of a good vintage. There has been fairly active taking of late offerings of Brunswick and Mission.
